

DIY FARM PLAY MAT PATTERN

- Print at 100% on 36 x 48" paper. The final size of the pattern (and farm play mat) is 36 inches square.
- Depending on the printer/plotter, there may be up to half inch on the edge that does not print. You can extend the lines in this area with a pen, if needed.
- Follow the instructions to cut the pieces and assemble the farm play mat at:

www.flourandfelt.com/diy-farm-play-mat

FLOUR + FELT

MAKE YOUR DAY

NOTE: Crops and rocks will be placed on the mat in their dotted locations.

NOTE: Cut the bridge in three separate pieces than layer it when assembling. Cut main square piece to the dashed line, then two rectangular pieces for the sides.
